Waste Water Treatment Mural

Playful digitally-created Schematics for the Massachusetts Audubon Society's Broad Meadow Brook Wildlife Sanctuary Visitor Center located in Worcester, MA.

The Waste Water Treatment Mural is 48" X 120" and duplicate copies are installed in the lavatories at the visitor center.

The Fresh Water Acquisition & Distribution Mural represents an aerial view of the sources of water supplying the city of Worcester. It is 60" X 72" and is installed above the drinking fountain.
